

# Call for Papers for the anniversary XXV. Information Security Summit

Date and place: **29 – 30 May 2024, Prague**  
Title: **“25 years of the IS2 - Secure and Digital Society”**

## General Information

**IS2 (Information Security Summit)** is a prestigious international conference on cybersecurity. The XXV occasion of the IS2 conference is entitled **“25 years of the IS2 - Secure and Digital Society”** and will be held **in Prague from 29 to 30 May 2024**. The conference is intended primarily for experts and senior and middle management who are responsible for digitisation, secure ICT operations, data security and ICT compliance in companies. IS2 is not industry-specific, but professionals from government, utilities, telecommunications, finance and healthcare sectors will always find great added value.. For more information visit <https://www.is2.cz/en>
